

## NY98E215

### POWER SUPPLY UNITS • POWER SUPPLY UNITS

Pulsed power supplies are used to supply electrical systems or system parts with a stabilized DC voltage. Due to the lower copper losses, pulsed power supplies in the lower power range are considerably more efficient than power transformers. Furthermore, they are more compact and are lighter weight than conventional, linear regulated power supplies, which contain a heavy transformer with iron core and cause additional losses in the linear regulator.

#### MECHANICAL FEATURES

Ambient temperature	-25 °C ... 55 °C
Degree of protection (IP)	IP54
Depth	60 mm
Direct mounting possible	+
Height	120 mm
Housing material	Plastic ABS
Rail mounting possible	+
Suitable for serial installation	+
Wall mounting possible	-
Width	120 mm

#### ELECTRICAL FEATURES

1. output voltage	18 V ... 36 V
Max. input current	0.12 A
Max. output current 1	0.12 A
Output voltage, regulated	+
Rated supply voltage at DC	18 V ... 36 V
Residual ripple	25 %
Secondary voltage, adjustable	+
Suitable for safety functions	-
Type of electrical connection	Spring clamp connection
Voltage type of supply voltage	DC
With LED display	+

#### OTHER FEATURES

Stabilized	+
------------	---

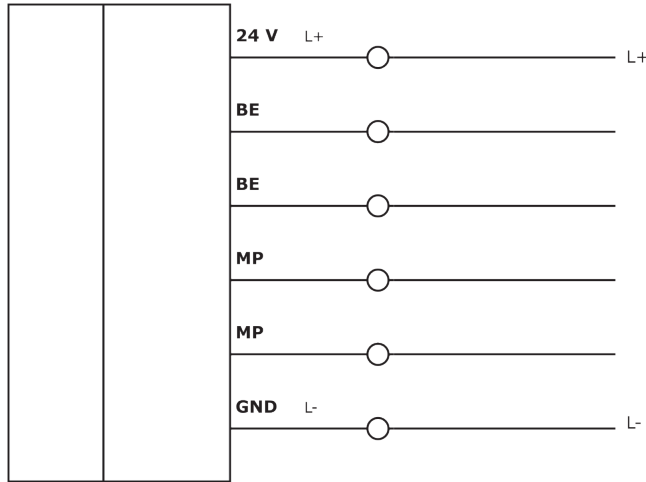

#### Other

Packaging dimensions	138.0mm x 95.0mm x 210mm
Shipping weight	0.5kg
Tariff code	85044090

## Classification

ipf product group	700
eClass 8.0	27049002
eClass 9.0	27040701
eClass 9.1	27040701
ETIM-5.0	EC002540
ETIM-6.0	EC002540
ETIM-7.0	EC002540

## Connection

## Dimensional drawing

### Installation

Mounting / installation may only be carried out by a qualified electrician!

### Disposal

### Software

Please download the software or driver required for operating your new device on our homepage: [www.ipf.de](http://www.ipf.de)

### Safety warnings

Before initial operation, please make sure to follow all safety instructions that may be provided in the product information. Never use these devices in applications where the safety of a person depends on their functionality. LED lighting systems can generate intensive UV radiation, which can damage your eyes in case of improper use. The manufacturer cannot be held responsible for damages that result from improper use or connection.
